**RENEWED PETITION UNDER 37 CFR § 1.47(a)**

MS PCT  
Attn: Examiner Bryan Tung  
Office of PCT Legal Administration  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In response to the Decision on Petition mailed March 17, 2006, please consider the following renewed petition.

A petition under 37 C.F.R. § 1.47(a) requires (1) an oath or declaration by each applicant on his or her own behalf and on behalf of the non-signing joint inventors, (2) factual proof that the missing joint inventors refuse to join in the application or cannot be reached after diligent effort, (3) the fee set forth in § 1.17(i), and (4) the last known addresses of the non-signing inventors. Items (1), (3), and (4) have been satisfied by the previously submitted petition that is of record in the file. (See Decision of Petition mailed March 17, 2006). Accordingly, this renewed petition addresses item (2).

This renewed petition, taken with the previously submitted Declaration by Isabelle Thibaudeau, satisfies element (2) by setting forth the facts surrounding the diligent attempts made to contact the non-signing inventors via both regular postal mail and via electronic mail through the inventors' former employer.

The required diligence is evidenced by the attached Declaration of Frédérique Dersoir, who is a person with first-hand knowledge of the factual events outlining the attempts made to obtain the non-signing inventors' signed Declarations. Frédérique Dersoir's Declaration establishes that inventors Franck Bachet and Axel Taldir are uncooperative and that inventor Hélène Bouilloux-Lafont is unreachable.

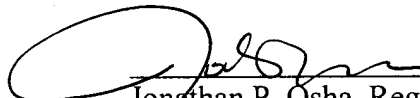

### **Conclusion**

Applicant believes that this renewed petition addresses all outstanding issues raised in the Decision on Petition mailed on March 17, 2006. In light of the petitioner's diligent attempts to obtain the signature of the inventors via both regular postal mail and a current/former employer, and, pursuant to 37 C.F.R. § 1.47(a), the petitioner requests that the referenced application be examined without the signed Declarations of Hélène Bouilloux-Lafont, Franck Bachet, and Axel Taldir.

While we believe that no fee is due with this renewed petition, if any fees are due, please apply any charges not covered, or any credits, to Deposit Account 50-0591 (Reference Number 11345.063001).

Respectfully submitted,

**DECLARATION BY FRÉDÉRIQUE DERSOIR**

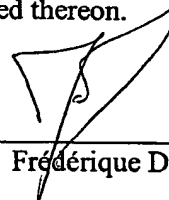

1. I, Frédérique Dersoir, am an employee of THOMSON, and I hold the position of Patent Administration Manager.
2. I am responsible for providing our patent counsel in foreign countries with the necessary paperwork to file patent applications on behalf of THOMSON in their respective foreign countries.
3. In the course of my duties, I worked with Isabelle Thibaudeau, in attempting to obtain signed Declarations from the inventor for U.S. Application Serial No. 10/533,848.
4. In addition to the attempts to contact the non-signing inventors via regular postal mail made by Isabelle Thibaudeau, I attempted to contact the non-signing inventors via their former/current employer, NDS. NDS is a company that many former Canal+ Technologies employees now work for. Our contact person at NDS is Frederique Durand. Note: Canal+ Technologies is the company from which THOMSON inherited intellectual property rights for the referenced application.

5. I sent a first e-mail to Frederique Durand on April 13, 2006, in an attempt to obtain signed formal papers from the non-signing inventors. (*See Tab 1*). I included the Declaration and the Assignment documents as attachments to the e-mail. In the first e-mail, I requested Frederique Durand to indicate if any of the non-signing are no longer employed with NDS and, if so, to forward any contact information for such inventors to me. I received no response from Frederique Durand.
6. On April 21, 2006, I sent a second email to Frederique Durand at NDS, reminding her of the urgency in obtaining signatures from the non-signing inventors. I subsequently received an email from Frederique Durand informing me that she could not service my request until the beginning of May 2006, and that only 2 of the 3 non-signing inventors are currently employed by NDS. Particularly, inventor Hélène Bouilloux-Lafont is not employed by NDS, but inventors Axel Taldir and Franck Bachet are currently employees of NDS. (*See Tab 1*).
7. I was not able to contact inventors Axel Taldir and Franck Bachet directly at NDS because NDS only allows their Human Resources department to contact employees directly.
8. I did not receive any contact information for Hélène Bouilloux-Lafont from NDS nor am I aware of any other contact information for Hélène Bouilloux-Lafont.
9. I did not receive any executed documents from Axel Taldir and Franck Bachet in response to the reminder email I sent to Frederique Durand on May 12, 2006 (*See Tab 1*).
10. Upon sending an email to NDS regarding other THOMSON matters, I was informed by Frederique Durand on June 6, 2006, that the new Human Resources Director for NDS is Mr. Cédric Ros and that his email address is [cros@nds.com](mailto:cros@nds.com) (*See Tab 1*).

11. I subsequently sent an email to Cédric Ros on June 9, 2006, including the Application as filed with the USPTO, the Declaration, and the Assignment documents. I have not received any follow-up response or any executed documents from Mr. Ros.
12. I forwarded the information detailing attempts to contact each of the non-signing inventors to our foreign associates in the United States, at Osha • Liang LLP on May 16, 2006, and June 12, 1006. (See Tab 2).

I, Frédérique Dersoir, hereby declare that all statements made herein of my own knowledge are true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Signed this day 14, of June 2006.

Frédérique Dersoir

Déclaration : Signatures requises pages 3 et 4  
Assignment : Signatures requises page 1 (+ 2 témoins page 2)

Nous vous remercions de nous informer si certains de ces inventeurs ont quitté la société et le cas échéant nous indiquer leurs coordonnées.  
En vous remerciant par avance,

Cordialement

Declaration : Signatures requested pages 3 and 4

Assignment : Signatures requested page 1 (+ 2 witnesses page 2)
